

Julie Roy Finance Director

Career Profile

I am a Chartered Accountant with nearly 30 years experience, mostly in the private sector, in industries ranging from travel to cement manufacturing, parcels and facilities management. This has left me with the benefit of having supported management teams through the economic ups and downs in differing organisations and that experience is very relevant today. For five years I was Treasurer of Birmingham Voluntary Services Council which prepared me for the voluntary sector.

And other community involvement?

I serve on the management committee of West Suffolk Headway.

Why do you work for St Nicholas Hospice Care?

By using the professional skills I have acquired over the years to manage St Nicholas Hospice Care's financial operations, I greatly value the opportunity to make a difference in the community.

The Hospice is very precious and greatly needed and I want to be part of its continued development.

The Hospice team are very professional, supportive and sometimes demanding but it is always a privilege to work with them.
